Chris,

Just wanted to follow up on ATAK with you. I have CC'd Wes Mitchell at Syzygy which provides TAK services to DHS. I have moved over to [Anduril Industries](#) which is a AI based defense startup in Costa Mesa. If you are still looking at TAK, Wes is the best option. In the meantime you should come visit Anduril when you are over towards John Wayne. Look forward to catching up.

Scott

Hello Scott,

Unfortunately it does not look like we have a jacket that matches that description. If you have any questions, please let us know.

Thank you,
